

PAMED Election Nomination Form

Name:

Michael Best

City/Town:

Pittsburgh

What Position are you running for:

Early Career Physician Section - Chair

Why should you be elected to this position

I have a long history with PAMED that has given me a good understanding of current issues facing medicine in Pennsylvania. I also have a deep appreciation for the role and position that PAMED plays. The ECP caucus has struggled in recent years, and I hope to bring my experience and organization to help reignite the section and give guidance to our new members.

Would you like us to include a photo of you?

**How long have you been a PAMED member?**

14
