

PAMED Election Nomination Form

Name:

Paige Anderson

City/Town:

Pittsburgh

What Position are you running for:

Womens Physician Section - RFS Representative

Why should you be elected to this position

As a medical student, I was heavily invested and involved in organized medicine in my state and in the AMA. I want to continue this as a resident as I believe in the power of physician's collective voice to create change. I vow to be an active member of the Women Physician's Section as the RFS representative. I will use this position to continue to advocate for issues that impact us as women physicians as well as women health issues that are central to my career as an OBGYN in training.

Would you like us to include a photo of you?

How long have you been a PAMED member?
