

PAMED Election Nomination Form

Name:

Victoria Adewale

City/Town:

Philadelphia

What Position are you running for:

Resident & Fellows Section - Member at Large (7 positions)

Why should you be elected to this position

I surpass the halfway point in my OBGYN residency, my goals outside of training continue to be illuminated. Many of my ambitions consist of being an active physician in politics. Though already apparent, these past two years have showed how health and politics are deeply connected. As a member at large, I am not only excited to create and support ideas targeting the many challenges we are facing but also promote diversity throughout the society as we work to achieve equitable care.

Would you like us to include a photo of you?
