# CHAIR'S MESSAGE

In 2017, my first year as Foundation board chair, the powerful voice of women grew louder across our nation. I accepted the leadership role knowing that I am the first woman to chair the board since it officially became the Foundation. We are standing on the shoulders of pioneering women leaders who helped to form the Educational and Scientific Trust and the Pennsylvania Medical Society. I have been grateful for the opportunity to lead and we have achieved the worthwhile goal of restoring physicians to health and wholeness.

In this report you will read about the physicians we have served through the Physicians' Health Program (PHP). We highlight the strides that we made elevating LifeGuard to the national stage. *We have been committed to raising the bar for our programs.*

The accomplishment I am most proud of is the expansion of our scholarship opportunities and the medical student loan program. Without the

help of the Foundation, I would not have become a physician. It allowed me to spend my working life caring for others.

We recognize the impact a scholarship has on the diversity of our profession. I have been concerned that medical school is beginning to be something that is out of reach for bright students who do not have funding to pay the skyrocketing price tag. If only affluent individuals treat the population, I feel that they will not recognize food insecurity, nutritional challenges, transportation issues and cultural clashes. Our scholarships can help students achieve the dream of becoming physicians who help communities they know and love.

Thank you, donors, for your support now and in the future. You are helping us change the face of medicine in Pennsylvania!

**Virginia Ettinger Hall, MD, FACOG, FACP**

FACP, Chair

## RAISING THE BAR

We would like to thank our Board of Trustees, Foundation staff and many donors for their dedication to advancing the work of the Foundation. **You helped us to "Raise the Bar" in 2017.** We expanded our statewide programs by awarding the first Foundation Education Excellence Award and establishing the Shah Family Scholarship that will distribute its first award in 2018.

We expanded our addiction evaluation and treatment resources within the PHP and provided many presentations across the state on addiction and burnout/stress. We implemented a comprehensive practice monitoring pathway in LifeGuard. We expanded the roster of medical directors to enhance our depth of bench when monitoring practices. We turned a keen eye to the area of opioid and controlled substance prescribing. Our expanded roster includes: Steven Levy, MD, FACP; Raymond C. Truex Jr., MD, FAANS, FACS; and Jon Shapiro, MD, DABAM, MRO.

The gravitas of our programming continues to build as we not only lead at the state level, we also are active contributors to national forums that address physician issues:

- PHP Medical Director Jon Shapiro, MD, DABAM, MRO, was elected to the Federation of State Physician Health Programs (FSPHP) Board. He also serves on a committee.
- PHP Case Management Supervisor Tiffany Booher, MA, CAADC, CIP, CCSM, PHP Program Director Kendra Parry, MS, CADC, CIP, CCSM, and I participate in FSPHP committees.
- LifeGuard Program Director Marcia Lammando, RN, BSN, MHSA, was reappointed as adjunct assistant professor of Primary Care Medicine, Texas A&M University – College of Medicine. She was also named to the Coalition for Physician Enhancement Board of Directors. They focus on quality assurance, medical education, and the assessment, licensing, and accreditation of referred physicians seeking higher levels of performance in patient care.

I am proud of the work we have done this year and even more gratified to have the opportunity to lead with our talented and committed staff, trustees and philanthropic supporters as we advance the mission of the Foundation.

**Heather A. Wilson, MSW, CFRE**  
*Foundation Executive Director*

Heather A. Wilson, MSW, CFRE,  
Executive Director, The Foundation of  
the Pennsylvania Medical Society,  
Deputy Executive Vice President,  
Pennsylvania Medical Society (PAMED)

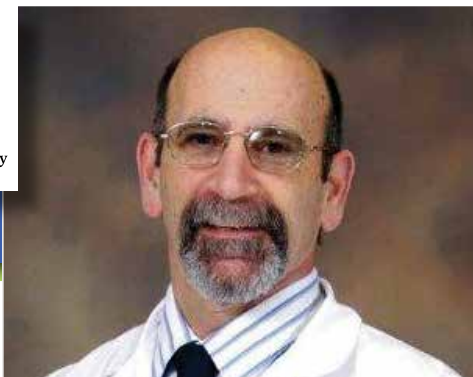

**Physicians'  
HEALTH  
Program**

The Foundation of the Pennsylvania Medical Society

The Physicians' Health Program (PHP) provides monitoring services to Pennsylvania physicians, physician assistants, dentists, and other eligible licensed professionals and trainees who are experiencing issues related to substance use disorders, mental health or other behavioral concerns.

The services of the PHP are confidential. PHP monitoring allows for the collection of documentation to make sure that participants are healthy and can safely practice their chosen professions.

The PHP Advisory Committee meets three times a year to help the PHP staff with program development and to make sure that we are operating with best practices. In 2017, the committee reviewed policies and procedures and discussed communication plans for ways to reach health care professionals in need and provide necessary program information to the health care professionals we serve.

Jon Shapiro, MD, DABAM, MRO

In 2017, PHP Medical Director Jon Shapiro, MD, DABAM, MRO, served on the Pennsylvania Medical Society Opioid Task Force as well as on the Cumberland/Perry County Opioid Advisory Committee.

Raymond Truex Jr., MD, FACS, FAANS

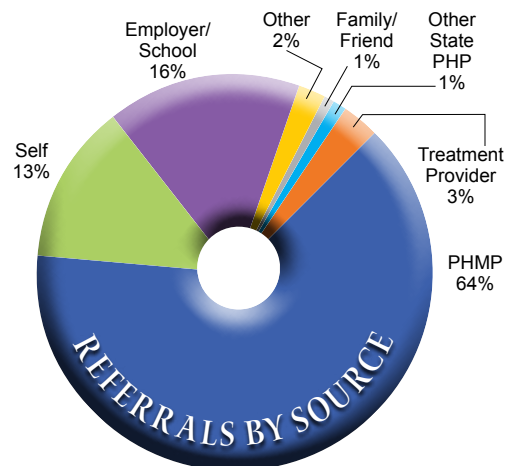

Raymond Truex Jr., MD, FACS, FAANS, joined the PHP staff in July 2017 as a medical director. The PHP is excited to have him help to lead our team and serve as a trusted guide for our participants. Dr. Truex formerly served as chair of the Foundation Board of Trustees.

## 2017 PHP PARTICIPANT AGREEMENTS

CHART 2

# NATIONAL ENGAGEMENT

In 2017, the PHP continued to work with its peers in the Federation of State Physician Health Programs (FSPHP). PHP leadership attended the Annual Conference & Business Meeting in April where Jon Shapiro, MD, DABAM, MRO, was elected to the board representing the Northeast Region. The conference allows for the PHP staff to learn about other PHPs across the country and Canada. Dr. Shapiro serves on the Accountability, Consistency and Excellence (ACE) committee dedicated to updating the policies, procedures and guidelines for the operation of state PHPs. He is also an active member of the Library Task Force, which is designing an online resource to catalog PowerPoint presentations, articles and policies to be shared among PHPs. PHP staff participates in FSPHP:

- PHP Director **Kendra Parry MS, CADC, CIP, CCSM**, serves on the ACE Committee.
- Case Management Supervisor **Tiffany Booher, MA, CAADC, CIP, CCSM**, serves on the Task Force on Educational Materials.
- Executive Director **Heather Wilson, MSW, CFRE**, serves on the Fundraising Committee.

In November, the PHP successfully hosted the Northeast Region FSPHP Annual Membership Meeting, which was a great opportunity for collaboration. This educational activity facilitated communication of best practices among state PHPs while providing continuing medical education in the field of addiction and physician health.

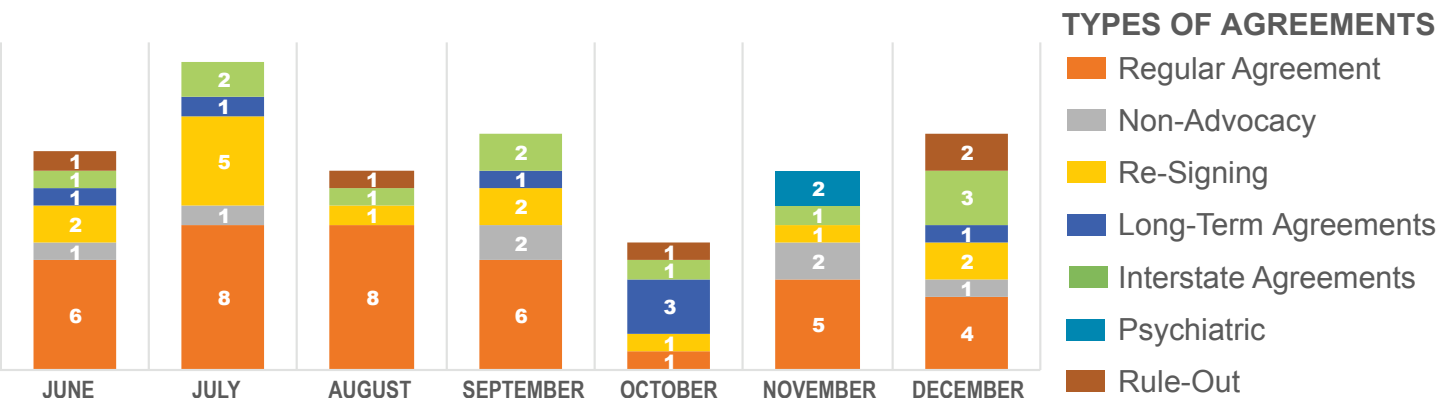

## 2017 STATISTICS

Total number of referrals: 267 cases

Percentage of referrals by source  
(see chart 1)

Total number of active cases: 462  
(at the end of 2017)

The PHP signed a total of 129 agreements in 2017 (see chart 2)

## STUDENT FINANCIAL SERVICES

The Foundation of the Pennsylvania Medical Society

# STUDENT FINANCIAL SERVICES

## 2017 Highlights:

To ease the stress of funding a medical education, the Foundation offers scholarships and affordable loans with personalized customer service to Pennsylvania residents attending medical school.

Generous contributions mean that medical students are able to fulfill their dreams of becoming physicians.

Since 1948, \$20.8 million in loans and scholarships has been awarded to 4,571 students.

Student Financial Services (SFS) is proud to help "Raise the Bar" for program excellence in 2017 and beyond.

- SFS awarded 70 loans totaling \$549,500
- \$64,100 increase over 2016 total loans
- The average individual loan award is \$7,850 compared to the average individual award of approximately \$5,644 in 2016
- Individual loan awards range between \$6,000 and \$10,000 per academic year
- SFS awarded 20 scholarships totaling \$48,577
- \$11,077 increase over 2016 total scholarships awarded
- Four additional scholarships awarded over the total number of 2016 scholarship awards
- The inaugural Foundation Education Award recipient was selected by the Foundation Board of Trustees.

### Foundation Education Award

In 2017, the inaugural Foundation Education Award Fund was bestowed. The Foundation named **Anup Bhattacharya**, who attends Temple University, as the recipient. Anup also earned the Endowment for South Asian Students of Indian Descent Scholarship. A charter gift from Jeanne A. Cooper, MD, provided through the Pittsburgh Foundation, established the fund. The applicant pool for this award includes the current year's recipients of all other scholarship funds administered by the Foundation. This award is an additional recognition of the scholarship awardees' commitment to their education and their future medical career.

### Shah Family Scholarship

Through a generous gift, Drs. Jintendra and Lina Shah established the Shah Family Scholarship. The first scholarship will be awarded in 2018. To be eligible for the scholarship, candidates must meet the following criteria:

- Resident of Philadelphia or Lower Bucks County.
- Bona-fide Pennsylvania resident at least 12 months prior to registering as a medical student.
- Enrolled full-time in an accredited Pennsylvania medical school as a first-year medical student.

The Foundation is deeply grateful to receive this substantial donation. The Foundation now administers 11 scholarship funds.

### Alliance Medical Education Scholarship (AMES) Fund Recipients

### Alliance Medical Education Scholarship (AMES) Fund Recipients

The 2017 Alliance Medical Education Scholarship was awarded to 9 deserving medical students. Each recipient is a second- or third-year medical student who is a Pennsylvania resident enrolled full-time in a Pennsylvania medical school.

*Award recipients gather with Barbara Prendergast and Arlene Oyler for a group photo at the Alliance's annual fundraising benefit on Oct. 14, 2017, in Hershey, Pa.*

## LIFEGUARD

In 2017, LifeGuard raised the bar for program excellence and expanded offerings. Program enrollment grew by 21 percent.

LifeGuard, a nationally recognized program, is a vanguard for addressing clinical competency assessment needs for physicians and other healthcare professionals. Conceptualized by doctors for doctors, LifeGuard provides comprehensive assessment services and recommendations for remediation tailored to individual needs.

Through individually customized programs, LifeGuard provides an unbiased assessment of physician clinical performance with the goal of enhancing patient safety and quality of care.

**In 2017,  
40 physicians  
enrolled in  
LifeGuard:**

**21 Pennsylvania  
Physicians**

**19 Out-of-State  
Physicians**

	Completed the program in 2017	Enrolled in 2017 and program completion is anticipated for 2018
Fitness for Duty/Late Career		
Re-Entry		
Re-Instatement/Disciplinary		
Quality of Care		
Practice Monitoring		
<b>TOTAL</b>	<b>22</b>	<b>18</b>

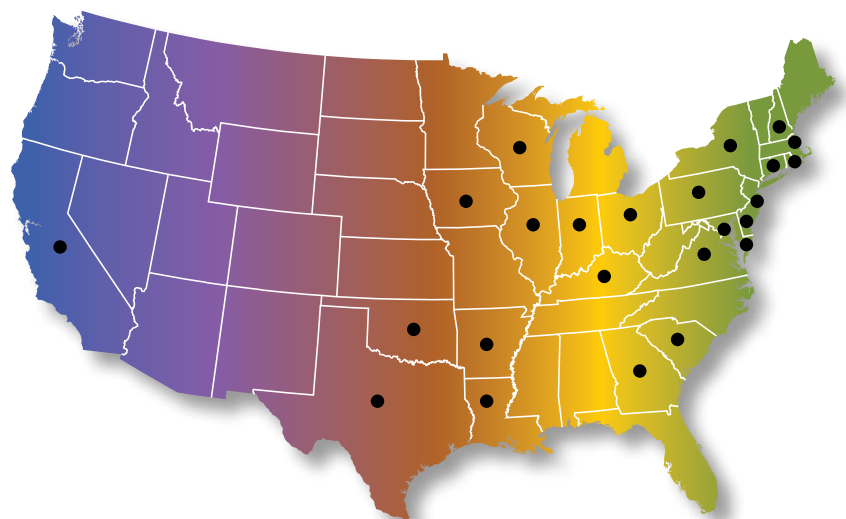

**LifeGuard developed and offered a new practice monitoring pathway for physicians with a focus on three key areas:**

- Controlled Substance & Opioid Prescribing
- Professionalism Concerns
- Quality of Care Concerns

**LifeGuard expanded CME offerings to include:**

- Medical Records and Documentation
- Intensive Controlled Substance & Opioid Prescribing often required by licensing boards for physicians with prescribing concerns (2-day course, 25.5 CMEs)
- Intensive Controlled Substance & Opioid Prescribing course designed for hospitals and medical groups (1-day course)

Since inception, LifeGuard has served physicians in 23 states and the District of Columbia

## DISTINGUISHED LIFETIME FELLOWS

### Ensuring the future through commitment of a legacy gift

The Foundation of the Pennsylvania Medical Society Fellows is an elite group who made provisions to advance the work of the Foundation in the areas of education, wellness and clinical excellence. Utilizing a variety of estate planning tools, such as bequest gifts, charitable gift annuities and trusts, these members demonstrate their commitment to the Foundation's mission and ensure a lasting legacy of physician excellence for future generations.

## The Physician Legacy Newsletter

The Foundation produced its planned giving newsletter titled *The Physician Legacy*. It includes a special

focus on general estate and financial planning issues. Thanks to the commitment of our donors, we are able to make a real difference in the lives of physicians. If you did not receive a copy of this newsletter and would like to be added to our mailing list or would like more information regarding planned giving opportunities, please contact Lori Storm at [lstorm@pamedsoc.org](mailto:lstorm@pamedsoc.org) or 717.558.7861.

Lori M. Storm was named manager, Philanthropy and Hospital Relations.

*“Thank you for donating to our philanthropic mission in 2017. You helped us to raise the bar for our program excellence now and in the future.”*

Contact Lori at  
[lstorm@pamedsoc.org](mailto:lstorm@pamedsoc.org) or (717) 558-7861.

## LIFEGUARD® COMPLETE CLINICAL CONFIDENCE. CME COURSES

### MEDICAL RECORDS COURSE

**MAY 21-22, 2018**

**Cost: \$1,150**

COMPLETE CLINICAL CONFIDENCE.

In partnership with KSTAR, the Medical Record Documentation course is a two-day, in-person program designed for physicians to increase their ability to effectively maintain medical records. Maintaining proper medical records reduces risk to the provider, enhances quality of care and assists in meeting compliance standards.

### CONTROLLED SUBSTANCE & OPIOID PRESCRIBING EDUCATIONAL PROGRAM

**NOVEMBER 8-9, 2018**

**Cost: \$2,550**

COMPLETE CLINICAL CONFIDENCE.

Penn Medicine

In partnership with Penn Medicine, Lifeguard offers a comprehensive program led by Penn Medicine faculty, that covers prescribing issues identified by state boards of medicine for physicians who want to become more comfortable with the guidelines. We also offer practice monitoring and sessions for remediation when prescribing practices are called into question.

### COMING SOON: BEST PRACTICES AND COMMUNICATIONS COURSE

This course is a three-day educational program aimed at enhancing medication prescribing behaviors and will examine this important topic from legal, regulatory, biomedical, clinical, patient, and patient safety perspectives.

This course is designed to address provider-patient as well as provider-provider communications. Attendees will learn to enhance their patient-centered interviewing skills and will also review best practices in healthcare team communication.

#### Designation & Accreditation Statement:

These two activities have been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the Pennsylvania Medical Society and The Foundation. The Pennsylvania Medical Society is accredited by the ACCME to provide continuing medical education for physicians.

The planning committee members and faculty do not have any relevant financial relationships to disclose.

#### MEDICAL RECORDS COURSE

The Pennsylvania Medical Society designates this live activity for a maximum of **16.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### CONTROLLED SUBSTANCE & OPIOID PRESCRIBING EDUCATIONAL PROGRAM

**Live Presentation:** Controlled Substance and Opioid Prescribing

**Educational Program:** The Pennsylvania Medical Society designates this live activity for a maximum of **16.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Pre-course Enduring Materials:** The Pennsylvania Medical Society designates these enduring materials for a maximum of **9.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activities.

#### Learning Objectives:

- Improve their communication with patients and healthcare peers
- Identify strategies to improve overall healthcare team communication
- Apply patient-centered communication techniques in patient encounters
- Understand factors contributing to practitioner burnout

Visit [www.LifeGuardProgram.com](http://www.LifeGuardProgram.com) for more information.

---

The official registration and financial information of the Foundation of the Pennsylvania Medical Society may be obtained from the Pennsylvania Department of State by calling the toll-free number within Pennsylvania, 1(800)732-0999. Registration does not imply endorsement.

We have made every effort to properly recognize our generous donors. If we have made an error, we apologize. Please contact us so we can correct our records. If your gift is made via a donor-advised fund, please note that by the terms of the gift, the fund name is recognized as the donor of record.

## OUR MISSION

The Foundation of the Pennsylvania Medical Society provides programs and services for individual physicians and others that improve the well-being of Pennsylvanians and sustain the future of medicine.
